Society of Mixed Media Artists

The **MISSION** of SoMMA is to reach out to dedicated, innovative artists working in all art forms including collage, experimental, sculpture and assemblage; so that we may share our collective knowledge, exchange ideas and help others explore the never ending spectrum of mixed media.

Our **GOAL** is to increase public awareness and to introduce mixed media as an important and viable contribution within the fine arts community. SoMMA provides workshops, lectures, demonstrations and general meetings which range in levels from novice to professional experiences.

I'D LIKE TO VOLUNTEER - If interested in volunteering or working with any of the following committees, please circle the category below and return to the membership chair or contact Wendy Sullivan at: (904) 289-9782.
