**DEADLINE for sign up and payment: April 12, 2021**

**BONUS: Karen will have the video available on-line to  
paid students thru May 16, 2021**

Karen believes that drawing and painting should be fun and easy for everyone, so, no more "I can't draw animals"!!

In this workshop you will first learn what Karen calls her "secret ingredient to a successful painting", Wire Drawing. This technique helps artists develop drawing skills in an easy manner and adds exciting line work and ideas for developing interesting backgrounds as well.

She will demo and guide you in this line drawing process, then take you on to the nitty gritty of design, collage and finally, pulling it all together. She is a delight and has a wonderful sense of sharing and a fun and easy manner.

This workshop is geared for the painter who wants to add exciting texture to their paintings. Students may choose any animal or bird for their reference. Karen will demonstrate the blue heron, shown above, which has wonderfully patterned collage that adds excitement and texture to the feathers. Wire drawing (using a marker to create a drawing that looks like a wire sculpture) is the bonus for this workshop! Again, Karen says that it is the secret ingredient to successful paintings and that "Wire drawing absolutely has taken my paintings to the next level".

To sign up, or for more information, please contact Francesca at [atatteredmuse@gmail.com](mailto:atatteredmuse@gmail.com). Once you have signed up you will receive confirmation and the supply list. This workshop is open to members and non-members alike. Questions feel free to contact Karen at [www.Karenknutson.com](http://www.Karenknutson.com)
